

Electrical enclosure

Combined temperature and humidity control

Usage

- Snow melting installations
- Frost protection
- Underfloor heating

 Energy program  Display

- ✓ Large selection of sizes
- ✓ Energy-efficient installation
- ✓ Cost-effective and flexible

Electrical enclosure with EB-Therm 800 thermostat. Also includes main switch, residual current device (RCD), alarm switch, 3 m sensor cable (temp), fuses, terminals and standard drawing. The enclosure is prepared for ground/roof/temperature sensor. The thermostat has a built-in operating time counter.

Specifications

Connection voltage	400/230 V
Enclosure class	IP55, IP65
Ambient temperature	-20 - 45 °C
Sensor	Humidity sensorTemp. sensor

Documents

 CE document

Warranty

Ebeco AB provides a 5-year product guarantee in the event of material defects.
